

The month of September started with the visit of Japanese Embassy representatives to Changuarayan where the learning centre of women and children has suffered major damages in earthquake. Therefore, regarding the support for renovation of the learning centre, ICA Nepal received a positive response from the side of Japanese embassy representatives. ICA Nepal team along with Japanese Embassy representatives visited the learning centre and attended a small welcome program conducted by the women group of Chinna-masta Saving and Co-operatives, who are currently looking after the learning centre.

Training participants along with ICA Team

Then, on the 6th and 7th September, ICA Nepal organized a two –day Social Artistry Leadership training for the community development organizations who are working on the sector of disabilities. The organizations were: Creative Little Women Group, National Integrated Blind Development Association (NIBDA), Entire Power on Social Action (EPSA) and Disabled Service Centre (DSC). There were total 25 participants including some members from ICA Nepal itself. These organizations are also connected with ICA Nepal through NGO support programs. The

key facilitators of the training were Mr. Aatma Ram Timsina, Mr Amba Datta Bhatta and some parts of training were conducted by Ms. Pramila KC and Dr Tatwa Pd Timsina himself. The training was very successful as it helped the participants to focus on their vision and organization growth and helped them learn inner skills to accomplish the visions

The training was supported by Jean Houston Foundation and as a part of their support the participant organizations were provided micro grant support as token amount. The amount was provided with the purpose of accomplishing their current goal and taking the first step towards their vision. You can check out a short video clip of training at

Similarly, from 9th to 11th September, the training of Social Artistry leadership was organized to Shree Janmabhumi Agriculturalo-operatives Pvt. Ltd at

Participants along with facilitators at Nuwakot training

Manakamana-8, Archale, Nuwakot district. This co-operative is being run by women group in the village. The key facilitator Mr. Aatma Ram Timsina and Mr Sharada Dhital conducted the training among 40 women and 18 male participants. Nuwakot is one of the worst hit districts in the major earthquake. With the support of Jean Houston Foundation, the women group was provided with the micro grant support as a token amount which they would be using for the earthquake rehabilitation of members of co-operatives.

soon afterwards.

Meanwhile, the house construction project for Disabled Service Centre at Goldhunga is going at full speed. The project is being supported by ICA Australia along with other various donors. The exterior of house is completed whereas the interior part and furnishing is undergoing. It will now take no more than a week before the house is ready and the members of organization would be shifting
